

Classic Cars

A classic car isn't just a vehicle, it's a source of pride. You spend every spare hour and dollar crafting its appearance and tuning its engine for the perfect look and optimum performance. A car like that deserves premium protection. AMSOIL synthetic lubricants deliver long-lasting protection and maximum performance to help ensure your classic car continues turning heads for years to come.

AMSOIL Z-ROD® SYNTHETIC MOTOR OIL

- **Powerful** protection for modified engines that produce increased power and torque
- **High** levels of ZDDP to protect flat-tappet cams, lifters, rockers and other critical parts against wear
- **Formulated** with a unique blend of corrosion inhibitors to ensure protection during storage
- **Withstands** extreme heat

SYNTHETIC TRANSMISSION FLUID

- **Friction-modified** formula and excellent cold-flow properties promote smooth, fast engagement of synchronizers and gears
- **Protects** against wear caused by high-horsepower, large-displacement engines common to hot rods and muscle cars
- **Helps** prevent leaky seals

SYNTHETIC GEAR LUBE

- **Delivers** high film strength to protect against wear
- **Outstanding** heat resistance to guard against thermal runaway
- **Reduces** gear and bearing wear
- **Guards** against thermal runaway
- **Maximizes** power

AMSOIL ACCESSORY PRODUCTS

AMSOIL spray protectants, engine coolant and accessory products provide your vintage ride all the protection it needs for miles of trouble-free enjoyment.

Fuel Additives

AMSOIL fuel additives clean harmful deposits and help increase power. DOMINATOR® Octane Boost is excellent as a lead substitute in classic cars.

Products for Storage

AMSOIL storage products guard against the problems associated with deteriorated fuel and corrosion.

AMSOIL ENGINE BUILDER'S PACKAGE

The AMSOIL Engine Builder's Package helps minimize harmful friction and wear while maximizing torque and horsepower.

STEP 1: AMSOIL Engine Assembly Lube

- **Exceptional** wear protection
- **Designed** to dissolve in oil
- **Clings** well to engine parts

STEP 2: AMSOIL Break-In Oil

- **No friction** modifiers for quick, efficient ring seating
- **Zinc** and phosphorus provide excellent wear protection
- **Designed** to maximize compression, horsepower and torque

STEP 3: AMSOIL Z-ROD® Synthetic Motor Oil

- **High** levels of ZDDP to guard against wear
- **Performs** on the street and protects during storage
- **Withstands** extreme heat

AMSOIL synthetic motor oil is the Official Oil of some of the most prominent events and engine-building competitions in North America. AMSOIL synthetic lubricants are recognized as the best by engine builders, enthusiasts and professionals from coast to coast.
